

ENGINEERED MECHANICAL SEALS FOR COMPRESSORS

Designing, engineering, and
manufacturing compressor seals
to meet any need

Flex-A-Seal designs and manufactures many standard and custom sealing solutions for a wide range of compressor brands and models. Our current selection of sealing arrangements meets the requirements of the world's most popular compressor styles.

Flex-A-Seal's world-class facility has the capability to reverse-engineer, design and manufacture seals for other compressor models. Flex-A-Seal also has the ability to repair our own or any competitors' compressor seals.
